

# KHE School Family Meeting Agenda

## March 12, 2020

### Practicing Good Sportsmanship

#### **KHE School Family Conversation:**

KHE School Family groups will discuss what it means to be a good sport. This topic includes how to respond when you win or lose a game. KHE School Families will also talk about how we can be an encouraging teammate and/or classmate.

#### **KHE School Family Activity:**

To practice our topic of being a good sport, family groups will participate in a school wide Rock, Paper, Scissors tournament. Groups will first watch a video that shows how the unlikely friendship between Rock, Paper, and Scissors began and then will learn how to play the classic game. Students will play within their KHE School Family groups and then winners from each family will compete against each other in a school-wide event!

#### **Out the Door/Challenge:**

Practice being a good sport by playing a game with your own family or siblings, playing a game a recess, or playing on a team!

**Next School Family Meeting Date: June 5, 2020**
